

Price list and order form (USA and Canada Consumers). Issued February 2017

Whilst every effort is made to maintain prices we reserve the right to alter them at any time if circumstances change.

Prices in US Dollars and include shipping to USA or Canada.

Payment: Ordering online we use PayPal.

Despatch: Parcels go by Air Mail which takes between 7 and 14 working days and are delivered by your local postal service. These parcels may be inspected by your customs, agriculture or quarantine services. Any expenses occurred by this will be to your account (though we have not yet had any problems or costs). Orders received before 2.00 pm (UK Time) are normally despatched that day.

Ordering: We now have an online ordering system on:

<http://www.equifeast.net>

Alternatively you can order by email to sales@EquiFeast.net or advice@EquiFeast.net.

If you would like to phone your order through our office hours are from 8.45 am to 5.00 pm Monday to Friday UK time (03.45 - 12.00 East Coast; 00.45 - 09.00 West Coast)

EquiFeast is a division of InnovaCal Inc.

Product	Description	Pack size	Price
Essential Daily Care	A virtually zero calorie feed balancer crammed full of vitamins, minerals and limiting amino acids. The ideal foundation for a diet without adequate formulated feeds. EDC does not contain magnesium.	900g (~2lbs)	\$ 88.00
		1.8 kg (~4lbs)	\$ 135.00
Cool, Calm & Collected Mag FREE (Can be used as a Starter or as a Maintenance product)	This is by far the most popular version of CCC as almost all horse diets already have plenty of (often too much) magnesium in them. We always start new horses on the magnesium FREE version. Towards the end of loading we encourage you to contact us at advice@equifeast.com to discuss progress. This product is appropriate for horses feeding supplemented pellets or sweet feeds. Even many horses on completely unsupplemented diets (no added vitamins and minerals) do best on this magnesium FREE product. CCC contains our patented VCAL Food for the Brain ingredients. However well your horse responds to early loading please complete the full 4-5 week loading process before dropping to maintenance levels. Contact EquiFeast if you are unsure which product to use. This product requires loading for a month and a 4lb bag will load most horses. At maintenance a 4lb bag will last about 14 weeks. Feed 5 days a week.	900g (~2lbs)	\$59.70
		1.8 kg (~4lbs)	\$97.00
MagTUNE	We use this product for the small number of horses that need more magnesium than most. It can be used with any of our products that contain our VCAL Food for the Brain ingredients. We normally suggest you talk to us or email before using this product.	450g (~1lb)	\$29.00
OptiMax	We use this product for the small number of horses that need more tryptophan than most. It can be used with any of our products that contain our VCAL Food for the Brain ingredients. This product is usually used for two days before and on the day of high stress competitions or lessons. We normally suggest to talk to us or email before using this product.	180g (~6.3oz)	\$50.00
		450g (~1lb)	\$97.00
KS+ Starter pack	This unique product combines traditional joint support (glucosamine and chondroitin) with powerful natural antioxidants and our unique chelated calcium which has been shown in field trials to support to improve muscle relaxation and suppleness. As bonus KS+ provides our usual amount of VCAL chelated calcium for optimum brain function and behaviour. Magnesium FREE formulation.	3.6 (~8lbs) Supplied in 2 x 1.8kg bags	\$197.50
KS+ Follow on pack	This unique product combines traditional joint support (glucosamine and chondroitin) with powerful natural antioxidants and our unique chelated calcium which has been shown in field trials to improve muscle relaxation and suppleness. As bonus KS+ provides our usual amount of VCAL chelated calcium for optimum brain function and behaviour. Magnesium FREE formulation.	1.8 kg (~4lbs)	\$137.00
